A special substance used to change the colour of something, like fabric or hair.

dye

harvest (harvested)

To collect plants, like fruits, vegetables, or grains, when they're ready to be eaten or sold. "Harvested" is when this has already been done.

harvest
(harvested)

jeans

A type of trousers made from denim, which is a strong, blue cotton material.

teacherfiera.com™

jeans

light

Bright and easy
to see in.

soft

Something is soft if it feels gentle and smooth when you touch it, like a pillow or a bunny's fur.

throw (thrown) away

To get rid of
something because
you don't need it
anymore.

'Thrown away' is
when this has
already happened.

throw (thrown)
away

yarn

A bunch of soft threads twisted together. It's used to make things like sweaters or scarves by knitting or crocheting. Yarn can be made from wool, which comes from sheep, or other materials. It's like a long, soft string and comes in many colours.

teacherfiera.com™

yarn

direct

Telling someone the simplest or quickest way to do something.

direction

Instructions or paths that tell you how to go from one place to another.

explode

When something bursts or breaks apart very quickly and with a lot of force.

explosion

Things explode outwards, usually with noise, light and energy.

divide

The act of breaking something up into smaller pieces or groups.

division

A way of finding out how many times one number fits into another or how things can be shared equally.

educate

To teach or to give knowledge and skills.

education

The process of receiving or giving systematic instruction, especially at a school or university.

invent

To create something completely new that has never been made before.

invention

The thing that you create when you invent something.
